ACADEMIC DETAILS

Year	Degree/Exam	Institute	GPA/Marks(%)
2025	Bachelor in Computer Application	Graphic Era Hill University	8.25
2020	C.B.S.E	Doon Bhawani International School	95.2
2018	C.B.S.E	Home Academy	90

PROJECTS

- **QR-code Generator**

  - Engineered a robust system enabling dynamic QR-code generation based on user input, facilitating personalized content encoding into QR-codes effortlessly.
  - Developed a user-friendly web-based QR-code generator using HTML, CSS, JavaScript, and Bootstrap, empowering users to generate customized QR-codes for diverse purposes, such as website URLs, contact information, and text messages.

- **Bank Management System**

  - Implemented secure user authentication functionality, ensuring users can securely sign in with their credentials.
  - Developed comprehensive account management features enabling users to create, view, update, and delete their bank accounts, ensuring full control over financial activities.
  - Created a user-friendly interface utilizing HTML, CSS, and JavaScript, enhancing user experience and accessibility.
  - Collaborated with stakeholders to gather requirements, prioritize features, and ensure alignment with project goals, resulting in a convenient platform for managing finances and transactions
  - Successfully delivered a user-friendly banking management system that provided users with a convenient platform for managing their finances and transactions.

- **Food delivery website**

  - User Authentication : Implemented secure user authentication functionality to allow users to sign up, log in, and manage their accounts securely.
  - Restaurant Listings : Developed features for restaurants to register, list their menus, and manage orders received through the platform.
  - Order Management : Created functionalities for users to browse restaurant menus, place orders, track order status, and provide feedback on their experience.
  - Payment Integration : Integrated payment gateways to facilitate secure online payments for orders, ensuring a smooth and hassle-free transaction process.
  - Database Management : Utilized MongoDB for data storage and management, ensuring scalability, reliability, and performance of the application.

TECHNICAL SKILLS

- **Languages Python** , **Javascript, C** , **C++** , **HTML**, **SQL**, **PHP**, **Java**.
- **Libraries and Frameworks** Matplotlib, Numpy, Pandas
- **Operating System** Windows, Linux(shell commands).

CERTIFICATIONS

- **Html,Css,Bootstrap**: Edureka (2023)
- **Javascript**: Edureka (2023)
